

HT Week 2022

State of the HT/TH Union

A talented line-up of HT luminaries will give an overview of the state of the horticultural therapy / therapeutic horticulture field, focusing on three compelling topics: collaboration, education & research.

SATURDAY, MARCH 19, 2022

11 AM - 12:15 PM EST

Ten-minute presentations by each speaker will be followed by an interactive, moderator-led panel.

This program is free of charge and open to all!
